Commuting Survey Guide and Tool

COMMUTING SURVEY

GUIDE AND TOOL

Lara Fahey

Scotland Sustainability Project Officer, EAUC Scotland

Any questions, please get in touch:

lfahey@eauc.org.uk

Overview

Aim:

- To create a standard baseline for post-16 education sector organisations to report on their staff and student commuting emissions

Key features include:

- Wide-ranging **guidance** including on how commuting relates to organizational aims beyond net zero, policy drivers for conducting surveys and reporting emissions, and common pitfalls and lessons learned.
- A baseline commuting **survey template**
- A commuting **emissions calculator tool and user guide**
- Suggested advanced survey questions
- Signposting to further resources

Discussion

- Have you heard of the Commuting Survey Guide and Tool?
- Have you read it, or used it? If so, in what context?
- Has it been useful? If so, what parts?

All feedback helps in our future planning.

Acknowledgements

Principle author:

- Lara Fahey, Scotland Sustainability Project Officer, EAUC Scotland

Additional contributors and reviewers:

- Matt Woodthorpe, Scotland Programme Manager, EAUC Scotland - principal reviewer and commuting emissions calculator lead creator
- Dr Nikolas Thomopoulos, Associate Professor in Transport, University of Surrey
- Emma Crowther, Travel and Transport Manager, University of Edinburgh
- Viola Retzlaff, Travel and Transport Co-ordinator, University of Glasgow
- Jenny Nguyen, Carbon Project Officer, EAUC

Survey and emissions calculator testing:

- Kathrin Möbius, Fiona Goodwin, Claire de la Motte, Claire Mitchell, Alice Smith and Rory Hill, EAUC

Thanks also to Rose Lyne (University of Aberdeen), Trudy Cunningham (University of Dundee) and Alex Luetchford (University of Edinburgh) for providing inspiration for our 'Advanced Survey Questions' section of this guidance and to all of the members contributing to our Travel and Transport Topic Support Network and Community of Practice events and mailing lists. Your insights helped shape this resource package to be what it is today.

Funders

This guide has been developed by and delivered as part of EAUC Scotland's Step-Change for Sustainability programme, funded by the Scottish Funding Council.
