Introduction

- Growhampton is a sustainability project with a focus on food.
- We engage on food through our edible campus and sustainability café.
- Hands on approach, learning through doing.
- Aim: to embed sustainability in the lives of students, staff and community.

Memorable social experiences

1. a lack of social cohesion
2. a thriving economy, a brighter future for young people.
3. vulnerability to climate change

Take one of the previous examples or your own idea:

1. How will you make sure the enterprise runs as **social enterprise**?

Exercise 20 mins (groups)

2. How will you use social enterprise to create opportunities to improve the **health and wellbeing** of students? (E.g. sustainable food production, nutritional outcomes, eco-conservation, mental and physical health benefits)
